Specification

India / common name	Cranberry, Large cranberry, American cranberry
Scientific name	Vaccinium macrocarpon Aiton
Family	Ericaceae
Part used	Fruit (berry)
Key compounds	Proanthocyanidins (PACs), anthocyanins, flavonols, organic acids
Form available	Dried fruit, juice powder, extract powder
Standardisation	Extract: proanthocyanidins (PACs) 5% / 15% / 25% / 36% (DMAC method). Raw fruit is imported
MOQ	5 kg trial order available, as per buyer request
Origin	Limited in India; sourced to order
Packaging	5 kg trial pack. Samples available. Bulk in lined drums, bags or cartons, pack size as agreed
Shipping	FOB or CIF, worldwide by air or sea. Terms and timing confirmed in the quotation

Overview

Cranberry (*Vaccinium macrocarpon*) is a North American berry and is not grown commercially in India. Faar Earth Collective Exports sources dried fruit, juice powder and extract powder to order through qualified manufacturers. Extract is graded by proanthocyanidins (PACs): 5%, 15%, 25% or 36% by the DMAC method. Raw fruit is imported.

Available forms and grades

Dried fruit	Dried cranberries for snacks, cereals, bakery and trail mixes, and as a raw material for processing.

Juice powder	Spray-dried cranberry juice powder for drink mixes, gummies and flavoured products.
Extract, 5-15% PACs	Lower to mid-strength extracts measured by the DMAC method, for general-purpose supplement and food use.
Extract, 25-36% PACs	Higher-strength extracts for concentrated capsules, tablets and sachets.

Applications

Supplement and nutraceutical brands, functional beverage makers, food and snack brands.

Urinary-health supplements	Capsules, tablets and powders using standardised PAC extract.
Functional beverages	Juice powder and extract in drink mixes and ready-to-mix sachets.
Gummies and chewables	Juice powder and low-PAC extract for gummies and soft chews.
Dietary supplements	Standalone and combined formulas with other antioxidant fruits.
Snacks and cereals	Dried cranberries in bars, granola, cereals and trail mixes.
Bakery and confectionery	Dried fruit and powders for muffins, cookies and fillings.
Skin and beauty from within	Polyphenol-rich extract in wellness and beauty blends.
Private label and contract manufacturing	Bulk and custom-spec supply for brands, contract packers and formulators.

Buyer notes

Ask which PAC method is used (DMAC or BL-DMAC). Different methods give different numbers, so the same figure from two suppliers may not match. Request pesticide residues, microbiology and sugar content for juice powder.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Packaging and shipping

Typical export packing. The final pack size, terms and documents are agreed with you in the quotation.

Packaging

- **Samples** 5 kg trial order, sealed in a food-grade, moisture-barrier pouch, as per buyer request.
- **Bulk powders and extracts:** lined fibre or HDPE drums, or multi-layer paper bags, with a food-grade polyethylene liner.
- **Whole and cut material:** new food-grade PP or jute bags, or cartons, with an inner liner where the product needs it.
- Private label and retail packs available on request.

Shipping

- **Terms:** FOB or CIF to your port. Tell us your destination and preferred terms when you enquire.
- **Mode:** samples by air courier. Bulk lots by sea, in full or part container, or by air for urgent orders. Shipped worldwide.
- **Timing:** dispatch time, freight and transit time are confirmed in your quotation.

Documents, labels and storage

- **COA** with every lot. TDS and further test reports on request.
- **Export papers:** commercial invoice, packing list and certificate of origin, plus phytosanitary or fumigation certificates and other documents where your destination requires them.
- **Labels:** product name, grade, batch number, net weight and dates as agreed.
- **Storage:** keep in a cool, dry place away from direct sunlight. Shelf life and storage conditions are stated on the COA / TDS.

Frequently asked questions

Which PAC test method do you use?
DMAC, stated on the COA. Tell us if you need another method.

Is cranberry grown in India?
No. Supply is sourced to order from qualified manufacturers.

What is the minimum order quantity?
A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?
We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

How quickly will I get a quote?
Within 24 hours on working days once you send the product, grade and quantity.

How is Cranberry packed and shipped?
Samples and 5 kg trial orders are sealed in food-grade pouches and sent by air courier. Bulk lots go in lined fibre or HDPE drums, paper bags, PP or jute bags or cartons, in the pack size you agree with us, and ship FOB or CIF by sea or air. The COA travels with every lot, together with the export documents your destination requires.

Why source from Faar Earth Collective Exports

- ✓ Quote within 24 hours on working days once you send the grade and quantity.
- ✓ We work only with validated, qualified manufacturers. Certificates (Organic, GMP, ISO, HACCP, Kosher, Halal and others) are supplied as per buyer request, for your country.
- ✓ COA with every lot. Test reports for assay (HPLC), heavy metals, pesticide residues and microbiology are available on request.
- ✓ 5 kg trial order available as per buyer request. Larger quantities in drums, bags or cartons, FOB or CIF, shipped worldwide by air or sea.
- ✓ Private label, custom standardisation and your own spec. Can't find your herb? We will source it from a qualified Indian manufacturer.

Packing and container loading

Typical export packing and container loading for Cranberry, by supply form (S.No. 46 in the Faar Earth Collective packing guide). Choose the form you need. Loads are approximate, and the final pack size, terms and documents are agreed with you in the quotation.

Form D	Powders: spice, herb, root, fruit, flour, husk
Typical packing and net weight	Multi-wall paper bag (3 ply) or PP bag, 20 kg or 25 kg net
Inner protection	PE liner; moisture-barrier bag for fine or hygroscopic powders
About 20 ft container (FCL)	About 8-12 t
About 40 ft container (FCL)	About 16-20 t
Notes	Light powders such as psyllium husk and leaf powders load lower. Palletise and stretch-wrap.

Form E	Standardised extract powders and high-purity actives
Typical packing and net weight	Fibre drum, 25 kg net (some grades 20 kg), or 5 kg and 10 kg aluminium foil bags in a carton
Inner protection	Double PE liner; foil bag for moisture-sensitive grades
About 20 ft container (FCL)	Large orders only (about 12-16 t of drums)
About 40 ft container (FCL)	Large orders only
Notes	Usually shipped as a few pallets by air or LCL. Protect from moisture and heat.

Form K	Dried fruit, berries, rind and slices
Typical packing and net weight	Carton or PP bag, 10 kg to 25 kg net
Inner protection	PE liner
About 20 ft container (FCL)	About 8-12 t
About 40 ft container (FCL)	About 18-22 t
Notes	Check moisture and sulphur dioxide (SO_2) limits. Keep cartons off the container floor.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.

To confirm pack size and freight, email connect@faarearth.com or WhatsApp +91 87008 79647, mentioning "Cranberry Extract, Juice Powder and Dried Fruit".

How to order

1. Enquire	Send the product, grade, quantity and destination market by email or WhatsApp.
2. Quote and sample	We reply within 24 hours. Trial orders from 5 kg. Samples available.
3. Confirm specification	Grade, marker compound and test method are agreed and stated on the COA / TDS.
4. Ship with documents	COA and TDS with each lot, plus export documents as required. Packing and terms (FOB or CIF) as agreed.

MOQ: A 5 kg trial order is available, and samples can be requested. Larger quantities as per buyer request, subject to the manufacturer's confirmation for each product.
Percentages and ranges shown are typical commercial grades. Confirm the exact grade, marker compound and test method on the manufacturer COA / TDS before ordering. This sheet is for information and is not a certificate of analysis.
