Specification

India / common name	Shilajit, Shilajatu, Mineral pitch, Mumijo
Scientific name	Asphaltum punjabianum (traditional pharmacopoeial name; not a plant)
Type	Mineral-organic exudate
Source material	Purified exudate (resin)
Form available	Purified resin, powder, extract
Standardisation	Fulvic acid 20% / 50% (grade-dependent). Heavy-metal testing per lot
MOQ	5 kg trial order available, as per buyer request
Origin	India (mainly)
Packaging	5 kg trial pack. Samples available. Bulk: Food-grade jars or pouches for resin, and foil bags or lined drums for powder, as agreed
Shipping	FOB or CIF, worldwide by air or sea. Terms and timing confirmed in the quotation

Overview

Shilajit is a mineral-rich resin that seeps from rocks in the Himalayan region and has been used in Ayurveda for centuries. It is not a plant. We supply purified resin, powder and extract with fulvic acid 20% or 50%, depending on the grade, from qualified Indian manufacturers.

Available forms and grades

Purified resin	Soft, semi-solid, blackish-brown resin that has been purified and concentrated, suited to jars, drops and direct-to-consumer products.
Powder	Purified shilajit dried and milled to a free-flowing powder for capsules, tablets, sachets and blends.

Extract	Standardised extract with fulvic acid of 20% or 50%, for formulators who need a defined marker level.
Custom specification	Fulvic acid target, moisture, solubility, particle size and packaging agreed to your requirement.

Applications

Supplement and nutraceutical brands, resin and capsule makers, Ayurvedic product manufacturers.

Dietary supplements	Capsules and tablets made from purified powder or extract.
Resin jars and drops	Purified resin for retail jars, droppers and sachets.
Gummies and functional foods	Extract and powder in chews, gummies and fortified foods.
Powder sachets and stick-packs	Free-flowing powder for single-serve wellness products.
Ayurvedic formulations	Traditional preparations using purified shilajit.
Sports and active nutrition	Blends for energy, recovery and performance ranges.
Herbal blends	Combined with ashwagandha and other botanicals.
Private label and contract manufacturing	Bulk and custom-spec supply for brands, contract packers and formulators.

Buyer notes

Heavy metals must be tested on every lot, and we share the report. Because shilajit is a mineral exudate, some markets classify it differently from a herb, so check the rules for yours. Ask for the purification method and microbiology results.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Packaging and shipping

Typical export packing. The final pack size, terms and documents are agreed with you in the quotation.

Packaging

- **Samples** 5 kg trial order, sealed in a food-grade, moisture-barrier pouch, as per buyer request.
- **Typical packing:** Food-grade jars or pouches for resin, and foil bags or lined drums for powder, as per buyer request.
- Private label and retail packs available on request.

Shipping

- **Terms:** FOB or CIF to your port. Tell us your destination and preferred terms when you enquire.
- **Mode:** samples by air courier. Bulk lots by sea, in full or part container, or by air for urgent orders. Shipped worldwide.
- **Timing:** dispatch time, freight and transit time are confirmed in your quotation.

Documents, labels and storage

- **COA** with every lot. TDS and further test reports on request.
- **Export papers:** commercial invoice, packing list and certificate of origin, plus phytosanitary or fumigation certificates and other documents where your destination requires them.
- **Labels:** product name, grade, batch number, net weight and dates as agreed.
- **Storage:** Store sealed in a cool, dry place away from heat, since resin softens in warm conditions. Shelf life is confirmed on the TDS.

Frequently asked questions

Is shilajit a plant extract?
No. It is a purified mineral-organic exudate.

Do you test every lot for heavy metals?
Yes, and the report is available with the COA.

What is the minimum order quantity?
A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?
We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

How quickly will I get a quote?
Within 24 hours on working days once you send the product, grade and quantity.

How is Shilajit packed and shipped?
Samples and 5 kg trial orders are sealed in food-grade pouches and sent by air courier. Bulk lots go in lined fibre or HDPE drums, paper bags, PP or jute bags or cartons, in the pack size you agree with us, and ship FOB or CIF by sea or air. The COA travels with every lot, together with the export documents your destination requires.

Why source from Faar Earth Collective Exports

- ✓ Quote within 24 hours on working days once you send the grade and quantity.
- ✓ We work only with validated, qualified manufacturers. Certificates (Organic, GMP, ISO, HACCP, Kosher, Halal and others) are supplied as per buyer request, for your country.
- ✓ COA with every lot. Test reports for assay (HPLC), heavy metals, pesticide residues and microbiology are available on request.
- ✓ 5 kg trial order available as per buyer request. Larger quantities in drums, bags or cartons, FOB or CIF, shipped worldwide by air or sea.
- ✓ Private label, custom standardisation and your own spec. Can't find your herb? We will source it from a qualified Indian manufacturer.

How to order

1. Enquire	Send the product, grade, quantity and destination market by email or WhatsApp.
2. Quote and sample	We reply within 24 hours. Trial orders from 5 kg. Samples available.
3. Confirm specification	Grade, marker compound and test method are agreed and stated on the COA / TDS.
4. Ship with documents	COA and TDS with each lot, plus export documents as required. Packing and terms (FOB or CIF) as agreed.

Packing and container loading

Typical export packing and container loading for Shilajit, by supply form (S.No. 19 in the Faar Earth Collective packing guide). Choose the form you need. Loads are approximate, and the final pack size, terms and documents are agreed with you in the quotation.

Form E	Standardised extract powders and high-purity actives
Typical packing and net weight	Fibre drum, 25 kg net (some grades 20 kg), or 5 kg and 10 kg aluminium foil bags in a carton
Inner protection	Double PE liner; foil bag for moisture-sensitive grades
About 20 ft container (FCL)	Large orders only (about 12-16 t of drums)
About 40 ft container (FCL)	Large orders only
Notes	Usually shipped as a few pallets by air or LCL. Protect from moisture and heat.

Form I	Purified resins (shilajit)
Typical packing and net weight	HDPE tub or pail, 5 kg or 20 kg net, in a carton
Inner protection	Sealed lid and inner seal
About 20 ft container (FCL)	Not usual
About 40 ft container (FCL)	Not usual
Notes	Softens in heat. Ship in a cool, dry container and avoid summer storage at the port.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.

To confirm pack size and freight, email connect@faarearth.com or WhatsApp +91 87008 79647, mentioning "Shilajit Purified Resin, Powder and Extract".

MOQ: A 5 kg trial order is available, and samples can be requested. Larger quantities as per buyer request, subject to the manufacturer's confirmation for each product.
Percentages and ranges shown are typical commercial grades. Confirm the exact grade, marker compound and test method on the manufacturer COA / TDS before ordering. This sheet is for information and is not a certificate of analysis.
