Origin	Limited in India; sourced to order
Packaging	5 kg trial pack. Samples available. Bulk: Seed powder and extract in food-grade, foil-lined bags or fibre drums, as agreed
Shipping	FOB or CIF, worldwide by air or sea. Terms and timing confirmed in the quotation

Overview

Guarana (*Paullinia cupana*) is an Amazon vine whose seeds are rich in natural caffeine. It is not grown commercially in India, so Faar Earth Collective Exports sources seed powder and extract powder to order through qualified manufacturers. Typical extract grades are caffeine 10% or 22% by HPLC.

Available forms and grades

Seed powder	Dried seed ground to the mesh you need. It keeps the full spectrum of guarana compounds and suits capsules, sachets and powdered drink mixes.
Extract, caffeine 10%	A moderate-strength extract with caffeine of 10% by HPLC. A good base for tablets, gummies and everyday energy blends.

Extract, caffeine 22%	A concentrated extract with caffeine of 22% by HPLC, for energy shots, pre-workout powders and products where a small dose must carry more caffeine.
Custom particle size and solubility	Fine powder for dry blends or a free-flowing, dispersible grade for beverages. Tell us your process and we will confirm what can be made.

Applications

Energy drink and beverage makers, sports nutrition and supplement brands, confectionery and functional food makers.

Energy drinks and shots	Natural caffeine source for ready-to-drink and shot-format beverages.
Pre-workout powders	Caffeine-led blends combined with creatine, amino acids and citrulline.
Dietary supplements	Capsules and tablets using seed powder or standardised extract.
Weight-management formulas	Combined with green tea, green coffee and garcinia in thermogenic blends, subject to local claim rules.
Chewing gum and confectionery	Caffeinated gums, mints, gummies and chews that need a plant-based energy source.
Functional beverages and teas	Instant mixes, effervescent tablets and tea blends with a guarana note.
Cosmetics and body care	Caffeine-rich extract used in firming gels and eye-care preparations.
Private label and contract manufacturing	Bulk and custom-spec supply for brands, contract packers and formulators.

Buyer notes

Caffeine content must be labelled in many markets, so agree the figure and the test method. Ask for pesticide residues, heavy metals and microbiology. Check caffeine rules for your product category.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Packaging and shipping

Typical export packing. The final pack size, terms and documents are agreed with you in the quotation.

Packaging

- **Samples** 5 kg trial order, sealed in a food-grade, moisture-barrier pouch, as per buyer request.
- **Typical packing:** Seed powder and extract in food-grade, foil-lined bags or fibre drums, as per buyer request.
- Private label and retail packs available on request.

Shipping

- **Terms:** FOB or CIF to your port. Tell us your destination and preferred terms when you enquire.
- **Mode:** samples by air courier. Bulk lots by sea, in full or part container, or by air for urgent orders. Shipped worldwide.
- **Timing:** dispatch time, freight and transit time are confirmed in your quotation.

Documents, labels and storage

- **COA** with every lot. TDS and further test reports on request.
- **Export papers:** commercial invoice, packing list and certificate of origin, plus phytosanitary or fumigation certificates and other documents where your destination requires them.
- **Labels:** product name, grade, batch number, net weight and dates as agreed.
- **Storage:** Store sealed in a cool, dry place away from light and moisture. Extract powder can take up moisture, so reseal after opening. Shelf life is confirmed on the TDS.

Frequently asked questions

What caffeine level does guarana extract have?
10% or 22% by HPLC, shown on the COA.

Where does guarana grow?
Mainly in Brazil. We source it to order.

What is the minimum order quantity?
A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?
We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

How quickly will I get a quote?
Within 24 hours on working days once you send the product, grade and quantity.

How is Guarana Seed packed and shipped?
Samples and 5 kg trial orders are sealed in food-grade pouches and sent by air courier. Bulk lots go in lined fibre or HDPE drums, paper bags, PP or jute bags or cartons, in the pack size you agree with us, and ship FOB or CIF by sea or air. The COA travels with every lot, together with the export documents your destination requires.

Why source from Faar Earth Collective Exports

- ✓ Quote within 24 hours on working days once you send the grade and quantity.
- ✓ We work only with validated, qualified manufacturers. Certificates (Organic, GMP, ISO, HACCP, Kosher, Halal and others) are supplied as per buyer request, for your country.
- ✓ COA with every lot. Test reports for assay (HPLC), heavy metals, pesticide residues and microbiology are available on request.
- ✓ 5 kg trial order available as per buyer request. Larger quantities in drums, bags or cartons, FOB or CIF, shipped worldwide by air or sea.
- ✓ Private label, custom standardisation and your own spec. Can't find your herb? We will source it from a qualified Indian manufacturer.

Packing and container loading

Typical export packing and container loading for Guarana Seed, by supply form (S.No. 56 in the Faar Earth Collective packing guide). Choose the form you need. Loads are approximate, and the final pack size, terms and documents are agreed with you in the quotation.

Form D	Powders: spice, herb, root, fruit, flour, husk
Typical packing and net weight	Multi-wall paper bag (3 ply) or PP bag, 20 kg or 25 kg net
Inner protection	PE liner; moisture-barrier bag for fine or hygroscopic powders
About 20 ft container (FCL)	About 8-12 t
About 40 ft container (FCL)	About 16-20 t
Notes	Light powders such as psyllium husk and leaf powders load lower. Palletise and stretch-wrap.

Form E	Standardised extract powders and high-purity actives
Typical packing and net weight	Fibre drum, 25 kg net (some grades 20 kg), or 5 kg and 10 kg aluminium foil bags in a carton
Inner protection	Double PE liner; foil bag for moisture-sensitive grades
About 20 ft container (FCL)	Large orders only (about 12-16 t of drums)
About 40 ft container (FCL)	Large orders only
Notes	Usually shipped as a few pallets by air or LCL. Protect from moisture and heat.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.

To confirm pack size and freight, email connect@faarearth.com or WhatsApp +91 87008 79647, mentioning "Guarana Seed Powder and Extract".

How to order

1. Enquire	Send the product, grade, quantity and destination market by email or WhatsApp.
2. Quote and sample	We reply within 24 hours. Trial orders from 5 kg. Samples available.
3. Confirm specification	Grade, marker compound and test method are agreed and stated on the COA / TDS.
4. Ship with documents	COA and TDS with each lot, plus export documents as required. Packing and terms (FOB or CIF) as agreed.

MOQ: A 5 kg trial order is available, and samples can be requested. Larger quantities as per buyer request, subject to the manufacturer's confirmation for each product.
Percentages and ranges shown are typical commercial grades. Confirm the exact grade, marker compound and test method on the manufacturer COA / TDS before ordering. This sheet is for information and is not a certificate of analysis.
