Root powder	Finely milled root for herbal blends, incense and personal care.
Essential oil	Distilled vetiver oil for fragrance and cosmetics, to the grade you specify.

Skin and personal care	Oils, soaps and body-care products.
Herbal drinks	Traditional cooling preparations using the root.
Incense and aromatics	Root and powder for incense making.

Buyer notes

Vetiver oil is graded by quality parameters, not by an extract percentage. Share the specification you need and we match the lot.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Frequently asked questions

Is vetiver oil an extract?

It is a steam-distilled essential oil, graded by chemical values, not a standardised extract.

Do you supply hydrosol?

Yes, on request.

What is the minimum order quantity?

A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?

We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.
