Specification

India / common name	Resveratrol, trans-Resveratrol, Japanese knotweed extract
Scientific name	trans-Resveratrol (C14H12O3)
Family	Polygonaceae (knotweed source)
Part used	Root (knotweed) or skin (grape), depending on source
Form available	Powder (trans-resveratrol), extract powder
Standardisation	trans-Resveratrol 20% / 20% / 50% / 98% (HPLC). Source (knotweed or grape) per buyer spec
MOQ	5 kg trial order available, as per buyer request
Origin	Limited in India; sourced to order
Packaging	5 kg trial pack. Samples available. Bulk: Food-grade, foil-lined bags or fibre drums, as agreed
Shipping	FOB or CIF, worldwide by air or sea. Terms and timing confirmed in the quotation

Overview

Resveratrol is a polyphenol found in the root of Japanese knotweed (*Polygonum cuspidatum*, also called *Reynoutria japonica*) and in grape skins. It is not mainly an Indian product, so Faar Earth Collective Exports sources it to order through qualified manufacturers. Typical grades are trans-resveratrol 20%, 50% or 98% by HPLC.

Available forms and grades

trans-Resveratrol 98%	High-purity powder for capsules, tablets and premium blends.
Resveratrol 50%	Mid-strength extract powder, a common supplement grade.
Resveratrol 20%	Lower-strength extract for blends, drinks and cosmetics.
Source on request	Knotweed root (Polygonum cuspidatum) as standard, or grape-based grades.

Applications

Supplement and nutraceutical brands, cosmetic and skin-care makers, beverage and functional food formulators.

Antioxidant supplements	Capsules and tablets for healthy-ageing positioning.
Beauty-from-within products	Combined with collagen, vitamin C and hyaluronic acid.
Gummies and sachets	Where taste and light-stability are managed.
Sports and wellness blends	Used in broader formulations, subject to local claim rules.
Skin-care formulations	Used in serums and creams as a plant-derived antioxidant.
Functional beverages	In shots and powders with stability planning.
Pet supplements	Where permitted in the destination market.
Private label and contract manufacturing	Bulk and custom-spec supply for brands and formulators.

Buyer notes

State the source (knotweed or grape) and ask for the HPLC report showing trans-resveratrol, since cis forms are different. Ask for emodin or other impurity limits, solvent residues, heavy metals and microbiology. Check the novel food status of resveratrol in your market.

Percentages shown are typical commercial grades. The exact grade and test method are confirmed on the COA / TDS for each order.

Packaging and shipping

Typical export packing. The final pack size, terms and documents are agreed with you in the quotation.

Packaging

- **Samples** 5 kg trial order, sealed in a food-grade, moisture-barrier pouch, as per buyer request.
- **Typical packing:** Food-grade, foil-lined bags or fibre drums, as per buyer request.
- Private label and retail packs available on request.

Shipping

- **Terms:** FOB or CIF to your port. Tell us your destination and preferred terms when you enquire.
- **Mode:** samples by air courier. Bulk lots by sea, in full or part container, or by air for urgent orders. Shipped worldwide.
- **Timing:** dispatch time, freight and transit time are confirmed in your quotation.

Documents, labels and storage

- **COA** with every lot. TDS and further test reports on request.
- **Export papers:** commercial invoice, packing list and certificate of origin, plus phytosanitary or fumigation certificates and other documents where your destination requires them.
- **Labels:** product name, grade, batch number, net weight and dates as agreed.
- **Storage:** Store sealed in a cool, dry place, protected from light and air. Resveratrol is stable as a dry powder when well packed. Shelf life is confirmed on the TDS.

Frequently asked questions

Which source do you supply?
Mainly knotweed root extract. Grape-sourced material on request.

Which purity should I choose?
98% is the standard supplement grade. 20% and 50% are used where a diluted extract is wanted.

What is the minimum order quantity?
A 5 kg trial order is available as per buyer request. Larger quantities as per buyer request, subject to the manufacturer's confirmation.

Which certificates do you provide?
We work with manufacturers who meet the certifications your country requires. Certificates (for example Organic, GMP, ISO, HACCP, Kosher, Halal) and test reports are supplied as per buyer request, with a COA for every lot.

How quickly will I get a quote?
Within 24 hours on working days once you send the product, grade and quantity.

How is Resveratrol packed and shipped?
Samples and 5 kg trial orders are sealed in food-grade pouches and sent by air courier. Bulk lots go in lined fibre or HDPE drums, or foil-lined bags and cartons, in the pack size you agree with us, and ship FOB or CIF by sea or air. The COA travels with every lot, together with the export documents your destination requires.

Why source from Faar Earth Collective Exports

- ✓ Quote within 24 hours on working days once you send the grade and quantity.
- ✓ We work only with validated, qualified manufacturers. Certificates (Organic, GMP, ISO, HACCP, Kosher, Halal and others) are supplied as per buyer request, for your country.
- ✓ COA with every lot. Test reports for assay (HPLC), heavy metals, pesticide residues and microbiology are available on request.
- ✓ 5 kg trial order available as per buyer request. Larger quantities in drums, bags or cartons, FOB or CIF, shipped worldwide by air or sea.
- ✓ Private label, custom standardisation and your own spec. Can't find your ingredient? We will source it from a qualified Indian manufacturer.

How to order

1. Enquire	Send the product, grade, quantity and destination market by email or WhatsApp.
2. Quote and sample	We reply within 24 hours. Trial orders from 5 kg. Samples available.
3. Confirm specification	Grade, marker compound and test method are agreed and stated on the COA / TDS.
4. Ship with documents	COA and TDS with each lot, plus export documents as required. Packing and terms (FOB or CIF) as agreed.

Packing and container loading

Typical export packing and container loading for Resveratrol, by supply form (S.No. 67 in the Faar Earth Collective packing guide). Choose the form you need. Loads are approximate, and the final pack size, terms and documents are agreed with you in the quotation.

Form E	Standardised extract powders and high-purity actives
Typical packing and net weight	Fibre drum, 25 kg net (some grades 20 kg), or 5 kg and 10 kg aluminium foil bags in a carton
Inner protection	Double PE liner; foil bag for moisture-sensitive grades
About 20 ft container (FCL)	Large orders only (about 12-16 t of drums)
About 40 ft container (FCL)	Large orders only
Notes	Usually shipped as a few pallets by air or LCL. Protect from moisture and heat.

Before you book

Weight per container depends on bulk density, pack size and whether the cargo is palletised. We quote a load only after the manufacturer confirms the pack size and the forwarder confirms the container. Wooden pallets must be ISPM-15 heat-treated and stamped, or use plastic pallets. Use a food-grade, clean, dry, odour-free container, with a liner and desiccant for sea freight of spices, seeds and powders.

To confirm pack size and freight, email connect@faarearth.com or WhatsApp +91 87008 79647, mentioning "Trans-Resveratrol Powder and Extract".

MOQ: A 5 kg trial order is available, and samples can be requested. Larger quantities as per buyer request, subject to the manufacturer's confirmation for each product.
Percentages and ranges shown are typical commercial grades. Confirm the exact grade, marker compound and test method on the manufacturer COA / TDS before ordering. This sheet is for information and is not a certificate of analysis.
